

Explore the Educational Opportunities:

Learning from Plants

Educational Forum

August 13-14

Learn new ways to bring the fun of
Science Inquiry through plants to your classroom

Increase your students' interest in plant science with the
Botanical Society of America's new and innovative SCI II program

Join us at the Austin Hilton for :

- ❖ Hands-on Workshops
- ❖ Scientific Field Trips
- ❖ Teaching Resources and Ideas

Be among the first 25 teachers to
register and receive
FREE registration
for the Educational Forum
Sponsored by Deep Gene
and the National Science Foundation.

A dark red, multi-pointed starburst graphic with a white outline. Inside the starburst, the text 'Texas Educators Can Earn up to 15 CPE Credits' is written in a white, serif font, centered within the shape.

**Texas
Educators Can
Earn up to
15 CPE
Credits**

Botany 2005 is the annual meeting of four scientific societies: Botanical Society of America (BSA),
American Fern Society (AFS), American Society of Plant Taxonomists (ASPT), American Bryological and Lichenological Society (ABLS)
